

INT-KLCDR-W

LCD KEYPAD

The **INT-KLCDR** keypad is intended for daily operation of the **INTEGRA** systems. With the display showing text messages, even advanced functionalities of the alarm control unit are simple and convenient. In addition, with the built-in proximity card reader, the system can be used without a password.

The keypad is available in two versions differing in the color of the keyboard and display backlight: white (**INT-KLCDR-W**) or blue (**INT-KLCDR-BL**).

- buttons and display backlight
- LEDs for system state indication
- keypad hold-down PANIC, FIRE and AUX alarms
- buzzer for acoustic signalling
- two zones expansion
- panel communication loss indication
- RS-232 for supervision and management applications **GUARDX**
- 125 kHz proximity card reader
