

STAM-BOX

HOUSING WITH SUPERVISING STATION CARD POWER SUPPLY

The **STAM-BOX** case facilitates easy expansion of monitoring stations using additional telephone and TCP/IP receiver cards. The case has 14 PCI slots for **STAM-1 P/STAM-1 R/STAM-1 K/STAM-1 PE/STAM-1 RE** cards. Its internal backup power supply can be connected to a backup battery, ensuring uninterrupted operation of the station in the event of 230V mains supply issues.

TECHNISCHE GEGEVENS

Milieuklasse	II
Afmetingen behuizing	550 x 480 x 177 mm
Bedrijfstemperatuur	-10°C...+55°C
Voedingsvoltage	230 V AC
PCI sloten voor kaarten	14
Maximale luchtvochtigheid	93±3%
Gewicht (zonder kaarten)	14,7 kg
Aanbevolen accu	12 V / 17 Ah
