

STAM-BOX

HOUSING WITH SUPERVISING STATION CARD POWER SUPPLY

The **STAM-BOX** case facilitates easy expansion of monitoring stations using additional telephone and TCP/IP receiver cards. The case has 14 PCI slots for **STAM-1 P/STAM-1 R/STAM-1 K/STAM-1 PE/STAM-1 RE** cards. Its internal backup power supply can be connected to a backup battery, ensuring uninterruptable operation of the station in the event of 230V mains supply issues.

TECHNISCHE GEGEVENS

| | |
|---------------------------|--------------------|
| Milieuklasse | II |
| Afmetingen behuizing | 550 x 480 x 177 mm |
| Bedrijfstemperatuur | -10°C...+55°C |
| Voedingsvoltage | 230 V AC |
| PCI sloten voor kaarten | 14 |
| Maximale luchtvochtigheid | 93±3% |
| Gewicht (zonder kaarten) | 14,7 kg |
| Aanbevolen accu | 12 V / 17 Ah |
